Rev. Dr. Halliday Defends Violation of Act if Man Feels He's Morally Right.

A sermon was delivered last Sunday by the Rev. Dr. Ernest M. Halliday, pastor of the Ocean Avenue Congregational Church. Ocean avenue and Avenue I. Brooklyn, in which he declared in effect that the proper course to pursue in regard to prohibition was to let your conscience be your guide.

So far as could be learned last night none of Dr. Halliday's parishioners is contemplating action in regard to the sermon, but it was generally conceded that his words were open to "misinter-pretation." A sermon was delivered last Sunday

pretation."
Dr. Halliday last night admitted that the following was a true quotation of a portion of his sermon:
"If a man feels that for him to abide by the provisions of the prohibition law is morally wrong then he ought not to

"If he actually believes that he will bring dampation upon his soul by not buying liquor, or making home brew, then by all means let him disobey the law. Above every man made law is the law of God, the moral law, and no man can properly excuse himself for failing to do his moral duty, no matter what the law may be. His only course is to do the right as he sees the right, let the consequences be what they may
"But if the question of obeying the prohibition law is merely a question of personal comfort or habit, then the truly patriotic man has one and only one course open to him. He will conform to the law until he can by lawful means bring about a change in it."

The subject of Dr. Halliday's sermon was "Christian Patriotism."

Don't let inferior oil hold up your trucks

Profits today depend upon rigid economy

WHETHER you use a little one-tonner on pneumatics or a fleet of 5-ton giants, every truck must pay its way today. Layups for repairs wipe out months of profits.

Scientific checking shows that 90% of all truck engine troubles are due to faulty lubrication. Ordinary oil forms black sediment when subjected to the intense heat of the engine—200° to 1000° F. Cylinders are scored, bearings loosen, over-heating becomes common.

Keep expense like this off your books. Sediment is reduced 86% when you use Veedol, the lubricant that resists heat. (See the two bottles below.) With Veedol in the crankcase most serious troubles are prevented. Engines pull better, throttle down lower.

Have your men flush out their engines. In-struct them to fill up with Veedol. Leading dealers have Veedol in stock. Consult them for quotations.

Veedol lubricants for every part of the chassis Use Veedol lubricants for all parts of the carr VEEDOL for the engine (light zero, medium, heavy, special heavy, extra heavy); for the differential and transmission, VEEDOL TRANS-GEAR OIL or GEAR COMPOUND; for the tractor and truck, WORM DRIVE OIL; GRAPHITE GREASE; CUP GREASE.
